

Mezzana is a font inspired on the lettering used by **Corrado Mezzana** (1890-1952) in his works.

Mezzana was an italian artist who projected a lot of stamps and attestations of award between the 30's and the 50's.

The font is also based on Paul Renner's **Futura** (1933) and Alessandro Butti and Aldo Novarese's **Semplicità** (1930).

Mezzana Font is **free for personal use.**
